

Dancing Digits is an active learning class. Exploring Time, Space, Shapes, Fractions and Degrees. In a fun and interactive way.

A **Dancing Digits** class is an *Active Learning Class*, exploring movement through hear, see, say and do (a multi-sensory approach).

Benefits of a **Dancing Digits** Class

- Develop Spatial awareness, self-space and general space
- Problem solving / co-operative work
- Solving maths problems through movement
- Develop and understand a movement vocabulary

Exploring movement through;

- | | | |
|-----------------|--|------------------|
| • The Body | Body parts we use and body actions we can perform. | What? |
| • Space | Directions, levels and pathways | Where |
| • Effort | Dynamics and the quality of movement | How |
| • Relationships | Interaction with other people, objects, etc. | With whom |

Links to many areas of the curriculum e.g. Literacy, Numeracy, Music, P.E., Drama & SPHE are made during the class through the use of poetry, counting, dance, rhyme, mime and role play.
