Workshop For Parents

Mayo Education Centre in association with The Family Centre, Castlebar, are delighted to provide training specifically for Parents of children with special educational needs.

Numicon® Maths system is a multi-sensory approach to number teaching. This workshop will be targeted at children operating at the following curriculum levels: Junior/Senior Infants, 1st, 2nd. Some early multiplication is also included. Numicon imagery uses patterns to represent each numeral, the patterns are structured so number relationships can be seen in a way not provided by written numerals. Teachers find that pupils are motivated by Numicon and quickly develop positive attitudes to maths, resulting in raised achievement.

This workshop will provide parents with practical experience so that they are confident to support others using Numicon and confident to use it themselves.

Date: Thursday 28th February 2019
Venue: Mayo Education Centre
Time: 7.30pm – 9.30pm
Facilitator: Rose Anne Basquel

Workshop Free & Refreshments will be served

To book for this workshop, please book online at www.MayoEducationCentre.ie or contact Mayo Education Centre at 094 9020700
