Training For Teachers

Numicon® Maths system is a multi-sensory approach to arithmetic teaching for Infant, 1st/2nd class maths, and pupils with additional needs requiring support at this level. Numicon imagery uses patterns to represent each numeral, the patterns are structured so number relationships can be seen in a way not provided by written numerals. Following a small step teaching programme, teachers find that pupils are motivated by Numicon and quickly develop positive attitudes to maths, resulting in raised achievement.

Date: Thursday 28th February 2019
Venue: Mayo Education Centre
