11-18 NOVEMBER 2018

#scienceweek

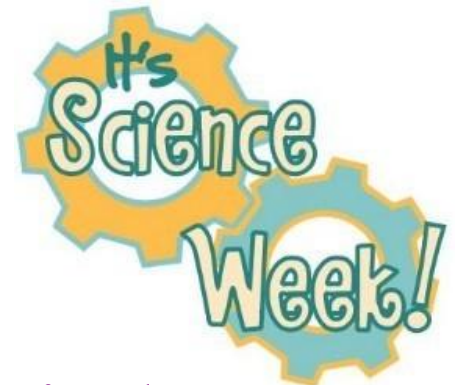

Science Week 2018 will run nationwide from November 11th -18th, with numerous events across the country. In the run up to Science Week, a workshop organised in association with Blackrock Castle Observatory will take place at Mayo Education Centre on 7th November.

This workshop will show participants how to use inquiry based learning techniques to promote children's learning and understanding of Science, Technology, Engineering and Maths (STEM).

Participants will explore activities that support the theme of Science Week, around the topic of Trees. These have been developed from ESERO, Discovery Primary Science and Maths activities.

This free workshop is being offered with the support of Science Foundation Ireland and ESERO Ireland (European Space Education Resource Office).

Date: Wednesday 7th November 2018
Time: 4pm to 6pm
Venue: Mayo Education Centre
Facilitator: Neala McWalters

Tea and coffee will be served at the start of the session.

**To book, log onto Mayo Education Centre's website at
